Nidec to restart

ELECTRONICS: Nidec Corp is gearing up to restart production at its flood-hit factory in Thailand, the *Nikkei* business daily reported yesterday.

Nidec has cleaned production equipment at its Ayutthaya parts factory, which makes bearings for small precision motors used in hard-disk drives, the daily said.

On Oct 26, Okamoto Machine Tool Works Ltd had resumed partial operations at its factory in Ayutthaya, the newspaper said. Citizen Machinery Miyano Co, a unit of Citizen Holdings Co, also restarted its lathe factory on Oct 24, it said.
